is organizing a Two Day Workshop on

INNOVATIVE TRENDS IN BUILDING CONSTRUCTION

INNOVATIVE TRENDS IN BUILDING CONSTRUCTION

Organized by
CETAAT, the Trivandrum chapter of CET Alumni Association (CETAA)

secretary@cetaat.in

Date: 3rd & 4th January 2020

Venue: Hotel Prasanth, Thiruvananthapuram

CETAAT, the Trivandrum chapter of College of Engineering (CET) Alumni Association (CETAA) is organising a two-day workshop on INNOVATIVE TRENDS IN BUILDING CONSTRUCTION at Hotel Prasanth, near PMG Junction, Thiruvananthapuram on 3rd and 4th January 2020.

In January 2019, CETAAT had organised a three-day workshop on GOOD PRACTICES IN CONSTRUCTION ENGINEERING. The workshop covered the good practices in Architecture, Structural Engineering, Electrical Services, HVAC Services, Plumbing Services, and Fire Fighting Services. The Success and acceptance of the programme has motivated us to take this forward, and this Workshop will address Innovative Trends in Buildings, Safety & Health, Engineering Procurement and Construction (EPC), Acoustics, Elevators and Escalators, Lighting & Illumination. The sessions will be handled by architects and engineers with theoretical and practical knowledge and proven experience in their specific areas and have several successfully executed Projects to their credit.

A perceptible gap has been observed in the knowledge acquired through their curricular activities by graduates from our Engineering Schools and the multi-disciplinary knowledge requirement for engineers working on office and field assignments in the Construction Industry. This gap is accentuated by the fact that several new products, techniques and equipment are being offered on a regular basis to the Construction Industry by the Vendors in the Industry. Providing their young engineers with the required knowledge & skill sets in house by Companies in the Construction Industry offer many challenges. This Workshop is a well thought out and planned endeavour from CETAAT to bridge this gap in knowledge in this Sector.

The Workshop mainly targets Engineers, Architects and Supervisors engaged in the design and construction of projects and all other stakeholders in the construction industry in general, in the private or public sector, to give more exposure to the modern trends and developments in the design, planning and execution of projects in a time bound manner, with more focus on aesthetics, speed and economy.

The esteemed members of the Builders Association of India, and CREDAI are associating with CETAAT in this venture.

A nominal fee of Rs 2500/-* will be collected from each participant for the two-day Workshop and a Course Certificate will be issued to the participants at the end of the Workshop.

TWO-DAY WORKSHOP ON INNOVATIVE TRENDS IN BUILDING CONSTRUCTION

Date : 3rd & 4th January 2020

Venue: Hotel Prasanth, Thiruvananthapuram

Friday, the 3 rd January 2020			
9.00 am	Registration		
9.30 am	Inauguration		
10.00 am	Session:1	Innovative Trends in Buildings	Ar. N. Mahesh
<i>Tea Break</i>			
11.45 am	Session 2 - Pre-Fab Buildings using Drywall construction		Er. Sambasivan Srinivasan
<i>Lunch Break</i>			
2.00 pm	Session 3 - Safety and Health		Er. S. Sivasankaran
<i>Tea Break</i>			
3.45 pm	Session 4 - Lighting & Illumination		Er. Venkatesh Hariharan
Saturday, the 4 th January 2020			
9.30 am	Session 5 - Latest Technologies in Elevators and Escalators		Er. P.S. Sudhir
<i>Tea Break</i>			
11.30 am	Session 6 - Acoustics in green buildings		Er. Mathew M George
<i>Lunch Break</i>			
02.00 pm	Session 7 - Engineering, Procurement & Construction		Er. A.S. Suresh Babu
<i>TeaBreak</i>			
4.00 pm	Valedictory Meeting and Distribution of Certificate
